Re: Transfer of Intermedia Communications, Inc. to WorldCom, Inc

Dear Mr. Waddell

On December 21, 2001, we notified the Tennessee Regulatory Authority ("Authority") on behalf of WorldCom, Inc. of the pending transition of approximately 149 Tennessee business long distance subscribers of its Intermedia Communications, Inc., subsidiary to a comparable service plans offered by its MCI WorldCom, Inc., subsidiary. That letter contained a reference to Docket No. 00-01099, in which the Authority had approved, on March 22, 2001, the transfer of control of Intermedia to WorldCom. A copy of that letter is attached hereto.

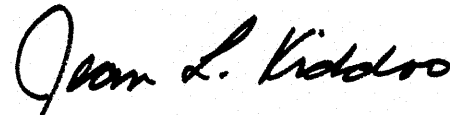

We have subsequently learned from the Authority's Staff that Docket No. 00-01099 has been closed, and that a new docket needs to be established regarding the related customer transition process that is now underway and that we described in our December 21, 2001 letter. Accordingly, attached is a \$25 check to cover the opening of such a docket.

As we stated in our December 21, 2001 letter, all of the affected customers received notice of the proposed transition on October 30, 2001, and were advised at that time of their right to choose an alternative carrier and of the rates for their new MCI WorldCom service. The transition of customers to MCI WorldCom is scheduled to occur on February 8, 2002. To the extent that the Authority deems it necessary to formally approve this transition, we will greatly appreciate it if it can take whatever action is required in time for the process to proceed as planned on February 8.

**Re: Docket No. 00-01099**  
**Transfer of Intermedia Communications, Inc. to WorldCom, Inc.**

Dear Mr. Waddell:

By letter dated September 21, 2001, on behalf of WorldCom, Inc. ("WorldCom"), we notified the Authority that WorldCom had determined not to sell the regulated telecommunications operations of Intermedia Communications, Inc. ("Intermedia"), in Tennessee, which WorldCom had acquired as of July 1, 2001 pursuant to the Authority's order approving the transfer dated March 22, 2001 in Docket No. 00-01099. As we indicated to the Authority in our earlier letters advising you of the status of the transaction, the Intermedia operations have continued to operate since the WorldCom acquisition under the existing Intermedia certificates and tariffs. At the same time, WorldCom has evaluated whether and how it will consolidate the Intermedia operations into the existing operations of other WorldCom operating subsidiaries or otherwise make changes to the existing Intermedia business plan.

Consistent with our commitment to keep the Authority apprised of the results of WorldCom's evaluation and any plans to consolidate any of the Intermedia services with those of other WorldCom subsidiaries, this letter is to advise the Authority that the Company has completed its analysis as to certain of Intermedia's long distance service offerings and has determined that it will take appropriate steps to transition certain of Intermedia's business long distance subscribers to comparable service plans offered by MCI WorldCom Communications, Inc. ("MCI WorldCom"). Approximately 149 business long distance subscribers in Tennessee will be affected by this transition. These customers receive long distance, calling card and 800 services.

Importantly, we note that WorldCom is not at this time seeking to cancel any certificate issued by the Authority to Intermedia or any business related long distance tariff on file at the Authority, since Intermedia will continue to provide certain government contract and other telecommunications services, pursuant to its existing certificates. Accordingly, WorldCom is not at this time seeking to cancel any Intermedia local and/or long distance certificates or tariffs, but upon completion of the migration of the affected business long distance subscribers will as necessary make tariff filings to reflect the modifications to Intermedia's long distance service offerings that are being made as part of this current transition. WorldCom will also return to the Authority to make such other filings as may be appropriate or required if it decides to reorganize or consolidate any Intermedia operations other than those business long distance services affected by this current transition plan.

Because the affected Intermedia subscribers will be transitioned to another WorldCom operating subsidiary with a new name and with somewhat different rate plans, WorldCom has developed a customer notification and transfer plan that is intended to assure informed customer choice and seamless transition to MCI WorldCom service. However, in the event that a customer elects not to make the change, WorldCom will also assure that any customer who so chooses can transfer to another carrier without any interruption of service.

Specifically, WorldCom has provided customers with notice of the change from Intermedia to another WorldCom operating subsidiary to assure that customers are fully informed of the change. The affected customers have been notified by letter, in the form attached as Attachment 1 hereto, that advises them that:

- WorldCom will provide the customer with the same or better high quality telecommunications services as it received from Intermedia;
- the customer's new rates and terms for the service are enclosed;
- WorldCom will reimburse the transferred customers for any primary carrier change charges if they are imposed by the customers' local exchange carrier in connection with the change from Intermedia to MCI WorldCom;
- in the event that the customer prefers to use another company as its long distance carrier, it has the right to switch to another carrier of its choice; and
- the customer may contact WorldCom at a toll-free number with any questions regarding the transfer of their service.

The migration of customers to MCI WorldCom service is expected to take place beginning February 8, 2002. In connection with this process, WorldCom has also fully complied with the rules and regulations of the Federal Communications Commission ("FCC"), 47 C.F.R. § 64.1120(e), requiring notice to customers and permitting the transfer of those customers to WorldCom without WorldCom first obtaining each customer's authorization and verification. *See* 47 C.F.R. § 64.1120(e) (2001). A copy of the notification filed with the FCC is attached as Attachment 2 hereto.

Re: CC Docket No. 00-257, Notification Regarding of Acquisition of Customers

Dear Ms. Salas:

WorldCom, Inc. ("WorldCom") hereby notifies the Commission, pursuant to 47 C.F.R. § 64.1120(e), of the impending transfer of a portion of the long distance customer base of Intermedia Communications ("Intermedia") to WorldCom. The transfer of affected business subscribers will occur no sooner than December 1, 2001. This transfer will involve switched long distance services, including international, interstate, interLATA and intraLATA, as well as calling card services. For residential customers, however, the conversion will not take place until after December 31, 2001. WorldCom will file a subsequent notification with regard to these subscribers.

Attached are the certification required by 47 C.F.R. § 64.1120(e)(1) and a copy of the notification letter being sent to the affected business subscriber base. Please include this notice and the attachments in the record of the above-referenced proceeding.

Sincerely,

*Karen Reidy*
